Summer 2016

Summer is here in South Florida along with the Atlantic Hurricane Season which runs from June 1st – November 30th. Hurricane hazards come in many forms, including storm surge, heavy rainfall, inland flooding, high winds, tornadoes and rip currents. As residents of The Village of Royal Palm Beach, the storm surge and rip currents may not be of great concern but the heavy rainfall, inland flooding, high winds and tornadoes definitely are. The best way to deal with these hazards is to be prepared. If you are not already prepared, now is the time to prepare your family and property for a storm event. ***The best way to keep you and your family safe is to be prepared.***

Before the storm: Fuel up vehicles and charge cell phones. Double check supplies (Food, water, cash, medications, etc.). Install shutters and bring outdoor furniture indoors. Monitor local news for watches and warnings (A “watch” means that storm conditions are possible for the area and a “warning” means that storm conditions are expected for the area).

During the storm: Stay indoors. Turn off and unplug unnecessary electrical appliances. Stay away from windows and doors. Monitor local news for storm updates.

After the storm: Stay indoors until the weather is clear (do not go outside during the “eye” of the storm.) Continue to monitor local news for updates. Verify that no boil water notice is in effect for your area before drinking tap water. Avoid traveling on roadways as there may be electrical wires down and debris in the roadway that could be very dangerous for drivers. Do not use generators indoors.

Debris Removal: Following a hurricane, storm related debris will be removed from rights-of-way within the Village and Village owned lands and all areas that currently have curbside garbage pickup. This includes gated communities with curbside pickup but does not include communities with dumpster service. Care should be taken to not place debris in locations that will block storm water drainage or block access to utilities such as water, electric, cable or mail services.

Storm Shutters on Vacant Properties:

If you are planning to be out of town during Hurricane Season shutters can be installed on unoccupied properties with the permission of the Community Development Department. Permission can be obtained by filling out the **STORM PROTECTION EXTENDED DURATION NOTICE** form available online or at Village Hall. *(Continue on page 2)*

Sign Up to Receive Village Updates

Hurricane season is the perfect time to remind our residents that they can receive email and text message updates from the Village of Royal Palm Beach. Simply navigate to the Village website located at <http://www.royalpalmbeach.com> and click on the Notifications button located on the left side of the home page just below the yellow-orange search box. There, residents can sign up to be notified by email, text message or both in the following categories:

Emergency Alerts – Alerts pertaining to emergency situations (i.e. hurricanes).

Village Jobs – Employment listings for current open positions within the Village.

News & Announcements – Important information about what's going on in the Village.

Bid and RFP Notices – Information about Village projects that are requesting bids and proposals.

Canal Maintenance Alerts – Schedules and reports pertaining to Village-wide canal maintenance.

Village Calendar – Notifications about items added to the calendar including events and meetings.

Council Meetings – Notifications about Council Meetings.

Website Updates - Information about new features that are available on this website.

Your Mayor and Council

Councilman David Swift, Councilwoman Selena Smith, Mayor Fred Pinto, Councilwoman Jan Rodusky and Vice Mayor Jeff Hmara

Boil Water Notices:

If, during a storm event, the water system loses power or water pressure, a boil water notice may be issued for the affected area. Do not consume tap water during this time. Tap water can be served after being brought to a rolling boil for 1 minute. An alternative method would be to add 8 drops of unscented household bleach to a gallon of water and waiting 30 minutes before consuming.

Community Development Services:

Before a storm event residents may contact the Community Development Department for advice on best securing and protecting their property as well as preparing for limited services and resources. Community Development staff will canvas the Village to notify contractors and residents to secure any materials which may become hazards in the event of landfall.

After a storm event Community Development teams will strategically survey the entire Village and provide damage assessment reports and evaluate if any structures have been damaged to the degree which would render them unable to be occupied. Community Development will provide expedited manual permitting in the event of power outages and can be reached at the Village Hall location and by telephone @ (561) 790-5128.

Palm Beach County Sheriff's Office Crime Prevention Tip of The Month for May 2016 Residential Burglary Prevention

- "LIGHTS, LOCKS, AND LANDSCAPING" are essential to preventing or deterring crime.
- Give a trusted neighbor a spare key - DON'T hide it outside.
- Leave several lights on and a radio or TV playing to give the appearance someone is home.
- Don't leave tools or ladders out for burglars to use against you.
- Trim shrubs back from doors and windows. Don't give burglars places to hide.
- Lock all garage and shed doors. Hide the garage door opener from view in your car.
- Properly display and illuminate house numbers. This will aid law enforcement and other emergency vehicles in finding your home.
- Use deadbolt door locks on exterior doors and double-cylinder deadbolt locks if glass is within 3 feet of the lock. Ensure locks are an American National Standard Institute (ANSI) Level 2.
- Secure all sliding glass doors by installing a good locking device. You can purchase this at a local hardware store or insert a metal rod or wooden dowel in the sliding door track.
- Lock all windows and doors when you leave your home.
- Add an inexpensive window slide stop for added security.
- Pin all outside door hinges to prevent removal of doors by criminals.
- If vacationing, have a trusted neighbor pick up newspapers, deliveries, and mail from your home.
- Don't let burglars know you have expensive items (TV, electronics.). Cut up boxes.
- Install motion sensor lights in the front, side, driveway, and backyard areas of your home.
- Install peepholes with 160 degree views on doors.
- Keep a detailed inventory of your valuables (serial & model number). Make a photographic or video record. Mark your valuable items with your driver's license number.
- If you arrive home and find the door open or window broken, do not enter. CALL POLICE and wait at a safe location, such as a neighbor's home.
- Park a neighbor's car in your driveway if you are away from home for an extended period of time.
- Keep valuables in a hidden safe. Bolt the safe to the floor or wall.
- Install a video security recording camera system and test the system regularly.
- Be aware of your surroundings. Report suspicious activity by calling 911.

REGISTRATION INFORMATION

RPB Recreation Program and Activity Registrations will be accepted at the Recreation Center. Priority registration will be given to Village residents. Most activities have a maximum limit on the number of participants and classes. Activities will often fill prior to the registration deadline, so don't delay. All registrations must be made in person during office hours or online. Program registration forms can be found on our website, www.royalpalmbeach.com. The Parks & Recreation Department is no longer accepting cash. Please make payments via check, Discover, Visa or MasterCard.

ONLINE REGISTRATION

Web Trac allows households that are already in our registration database to enroll in classes, check on class availability and be added to a waiting list if an activity is full. Call the Recreation Center for password information, then go to www.royalpalmbeach.com.

LATE REGISTRATION POLICY

Registrations may be accepted after the deadline providing there is space available. Late registrations will not be pro-rated.

REFUND POLICY

All refund requests must be in writing on the refund request form available at the Recreation Center administrative office and are subject to approval and a 20% processing fee. For a complete description of the refund policy, please refer to your registration form or receipt.

Summer Safety Tips for Parents

From P.B.S.O. District 9

Summertime is approaching. Would your child know what to do if ...

- He got lost at a shopping mall?
- A nice, friendly stranger offered her a ride home?
- A babysitter wanted to play a secret game that no one would know about?
- A friend dared him to hitchhike?

Start With The Basics

1. **Rehearse with your child his or her full name**, address and phone number, including area code and how to make emergency phone calls from home and public phones. Try practicing on an unplugged phone.
2. **Teach your child to go to a store clerk, security guard or lifeguard and ask for help** if you become separated in a store, shopping mall or at the beach. Tell them never to go into the parking lot alone. And, when possible, accompany your child to the restroom.
3. **Tell your child never to accept gifts or rides from someone he or she does not know well.** Your child should never go anywhere with another adult, even one who says you have sent him or her. Adopt a family code word to be used if you have to ask a third party to pick up your child or make prearrangements with a trusted neighbor in the event you become delayed. And, make sure your child knows to never, ever, hitchhike!

4. Teach your children that no one, not even someone they know, has the right to touch them in a way that makes them feel uncomfortable. Tell them they have the right to say "No" to an adult in this situation.

At Play

1. **Walk the neighborhood with your child.** Pick out the safest route to friends' houses. Avoid danger spots like alleys and wooded areas. Identify safe places to go in an emergency or a sudden storm, like a neighbor's home, a block parent or an open store.
2. **Encourage your child to walk and play with friends**, not alone, and to stay in open areas in the day and well-lighted areas in the evening so others can see them. Teach your child to walk confidently and stay alert to what's going on.
3. **Do not hang a house key around your child's neck.** It is a telltale sign that you won't be home when they return. Put it inside a pocket or sock.
4. **Encourage your child to look out for other kids' safety** and to stay away from strangers who hang around playgrounds, public restrooms and empty buildings. Remember, a stranger is someone the child **does not know well**. A child molester can be a man or a woman, young or old. Teach your child to remember and report to you the license numbers of people who offer rides, hang around playgrounds or appear to follow them. If a stranger tries to follow or grab your child, **teach him or her to scream**, "Stay away from me" or "This person is trying to hurt me," and run to the nearest place where people are around.

What would your child do if ...

- He got lost at a shopping mall?
- A nice, friendly stranger offered her a ride home?
- A babysitter wanted to play a secret game that no one would know about?
- A friend dared him to hitchhike?

At Home Alone

1. **Make sure your child** can reach you by telephone, wherever you are. Have your child check in with you at work or with a neighbor when she or he gets home.
2. **Caution your child about answering the phone** and accidentally letting a stranger know he or she is alone. The child should say that parents are busy and take a message.
3. **Post important phone numbers** near all your home phones to include your work number, closest relatives, neighbors and poison control center. Remember, for all emergencies dial 911.
4. **Agree on rules for having friends over** or going to someone else's house when no adult is present. If you or neighbors own a pool, a good rule of thumb is to restrict younger children from using the pool unless there is adult supervision.

Tips On Choosing Day Care Centers Babysitters

1. **Find out as much** as you can about the caretaker's reputation and whether there have been any complaints in the past. Is the caretaker licensed or regulated in any way? What are their qualifications? Have background checks been made? Have you asked for and checked references?
2. Drop in unannounced, periodically, to ensure that the quality of care meets your standards. Observe how the children relate to the caretakers.
3. Talk with other parents and compare notes and concerns. Most importantly, talk with your child daily about how things are going and investigate problems that worry you or become chronic.

Helpful Community Resources

Schools, County and City recreation departments, churches, community organizations such as the YMCA/YWCA provide programs for children of all ages. Positive activities make summertime fun, safe, and educational and of course, make parents happy too! Enjoy your summer.
